

ecological release-agent with vegetal base for universal use

Edition:1 December 2010

Technical Department

Description:

Ecological release-agent in liquid shape in vegetal base without solvents for concrete prefabs and construction in general.

TechnicalFeatures:

Aspect: Oily liquid

Colour/s: Amber

Density: 0,93±Kg./Lt. ± 0,05

Odour: Characteristic

Coverage:

30 to 40 sqm/ LT according with support and use.

Uses:

On industries dedicated to the manufacturing on prefab concrete and construction in general. It can be applied to all types of metallic moulds, wood, plastic, polyester, elastomers, polystyrene, etc

Features & benefits:

ECOLOGICAL EASY TO USE DOES NOT EMIT VAPOUR PROTECT MOULDS DOES NOT SPOT IT ALLOWS HIGH QUALITY SURFACES AVOIDS THE MORTAR AND

CONCRETE ADHERENCES TO THE MOULDS

Surface preparation:

The surface must be pretty cleaned, free of greases, without rust, concrete wastes or dust of cement in order to avoid spots on concrete.

Application:

- Apply without dilute.
- It must be applied by brush, roller or spray can on the mould having special care avoiding parts free of release-agent.
- The product avoids the adherence of the concrete with the moulds.
- It does not spot neither concretes nor mortars.

Clean up:

With soap and water.

Storage:

1 year in their original packages and tightly closed.

Packaging:

Available in packs of:

The information provided on this technical data sheet and particularly the recommendations for the application and use of the product is based on our current knowledge and are provided in good faith, considering that the products are used, handled and stored under normal conditions and within the limits of its useful life. The possible differences between the materials, supports, and real conditions in the application site can be so important that it is not possible to establish a warranty with this

document or any other information provided. The user must verify with a suitability test that the product conforms to the required use. Users should refer to the information included in the last technical data sheet edition.
